

MARIJUANA IMPAIRED DRIVING COURSE LIGHT SET-UP

Instructional Video:

<https://vimeo.com/innocorp/mjlights>

- 1 Open the box of lights

- 2 Unscrew the suction cup on the back

- 3 Attach the black metal plate to the back upper half of the light

- 5 Place the magnetic clip from the clamp to the black metal plate

- 6 Add the clamp to the top of the cone

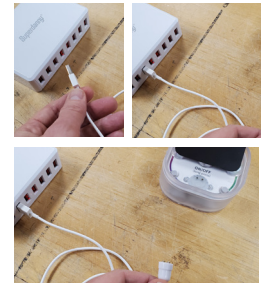

- 7 How to turn on the light—Press the ON/OFF button for three (3) seconds

- 8 Change the light colors using the remote control

- 9 Charge the lights by using the included magnetic USB cords and charger

- 10 The light by the ON/OFF button will flash red when charging—it will become a solid red when charging is completed
